

2016 STUDENT WAGES

Level 2	\$9.00 per hour
Level 3	\$9.00 per hour
Level 4	\$9.00 per hour
Level 5	\$9.00 per hour +

RIT is committed to providing competitive and equitable pay for our student workers. Therefore, we will again be moving our student wage rates in response to the increases in the NYS minimum wage. The wage rate for all student workers in Job Levels 2 – 4 will increase to \$9.00 per hour on January 1, 2016. Students in Level 5 positions whose wages are below \$9.00, will also have their wages increased to \$9.00 per hour. Once again, this will represent a significant percentage increase for most student workers in these job levels. Therefore, RIT will not sponsor an additional merit increase program for student employees in 2016. Managers with students in Level 5 positions, who are paid at or above the new minimum wage level, will continue to have flexibility in the wages offered to students as appropriate for the higher-level positions. Student wages will remain as outlined above for 2016 as we transition to a more flexible student wage schedule for 2017.
